

TECH RIDER

Technical Specs for The Show

Note: If any of the following requirements can not be supplied, please make this known immediately. The following needs can be provided at minimal cost.

Larry Rundle
518.221.6677
info@incrediblelarry.com

Larry is very flexible in his needs for performance space. However, to ensure a successful performance, it is asked that the Sponsor provide the following:

STAGE

- 1. Clean and level performance space with minimum dimensions of 20' wide, 10' deep, and 10' height. More height is even better.*
- 2. Sectional stages must be firmly locked together.*
- 3. Access to the audience is required, raised stages must have stairs at the front of the stage.*

SOUND

- 1. A sound system appropriate to the venue.*
- 2. One (1) wireless, lavalier (clip on, body) microphone.*
- 3. CD (compact disc) playback capability.*
- 4. Knowledgeable technician to mix sound and run CDs on cue.*
- 5. Time (30 min) to run sound cues.*

LIGHTS

- 1. Good, general wash of pink, light blue, and white at front back and sides.*
- 2. Blackout capability, if possible.*

PROPS

- 1. One 5'-6' long table with black skirting.*

DRESSING ROOM

- 1. A clean room with a sink and mirror.*

HOSPITALITY

- 1. A light meal upon arrival. (Assorted fruit, whole grain cracker/ Wheat Thins, and bottled water.)*

RECORDING

- 1. No part of the performance may be recorded without prior permission.*
